- Communication skills
- Teamwork
- Time-managment
- Teamwork

LANGUAGES

- English B2

PROJECTS

AUTOMATED KEY METRICS DASHBOARD PROJECT

- Developed a system to automatically collect data from the Yandex.Metrika API.
- Processed and transformed JSON data into structured formats for analysis.
- Built an interactive dashboard to visualize key traffic, behavior, and conversion metrics.
- Enabled real-time business monitoring and eliminated manual reporting tasks.

SINGLE-PLAYER PUZZLE GAME PROJECT

Created all puzzle mechanics, level designs and user interface in Unity using C# scripts. Programmed interactive elements, win conditions and progression systems
